PROGRAM GRANT APPLICATION  
INSTRUCTIONS  
2012**

## **Grant Application**

### **INTRODUCTION**

The Montville Education Foundation, Inc. (MEF) is a non-profit organization established for the purpose of promoting excellence in education within the Montville community through financial support for educational opportunities and programs for residents of all ages.

### **THE FUNCTION OF THE MEF**

The MEF will provide annual funding through donations and capital grants to projects that meet our requirements and would not otherwise be afforded to the citizens of Montville. In order to ensure the best use of funding, programs will need to be sustainable, have a broad and far reaching impact, and address the need within the Montville Community. Awards made by the MEF may enhance what is already in place, expand the town's programs in new and innovative ways, or assist other worthy projects or programs. This is an opportunity to expand education in a non-traditional fashion supporting public initiatives with funds from a private foundation, MEF.

Some types of activities, programs and capital projects that may be addressed through the MEF include, but are not limited to:

- Adult education enhancement, including expansion of course development and other resources;
- Use of leading edge technology in the community;
- Multi-cultural programs;
- Art, theater, and music workshops;
- Academic competitions; and
- Programs on self-esteem, nutrition, and character development.

Funding is not provided for professional continuing education credits, programs supporting an individual only, travel, lodging or food and beverage associated with any activity funded under this program. All awards are at the sole discretion of the Board of Directors.

### **GRANT CYCLE**

Grants will be made two times annually by the Montville Education Foundation, Inc. Applications must be postmarked no later than April 30<sup>th</sup> to be considered for the fall program and October 30<sup>th</sup> to be considered for the spring program. Awards will be made in June and January of each year. Any application received after the deadline will be considered ineligible and returned to the applicant without review by the Grant Committee.

### **ELIGIBILITY**

A number of entities are considered eligible for participation in the MEF grant program. The MEF encourages collaboration between schools within the district and among individuals and organizations to broaden the level of program development for the residents within the town of Montville. The following are eligible to apply for the grant program:

## Grant Application

- Teachers, administrators or other professionals supporting programs in the Montville School district
- Teachers, administrators, or other professionals teaching within the town of Montville (include St. Bernard's High School, St. Thomas More Academy, and licensed childcare centers)
- Municipal departments providing educational programs to residents of the town of Montville
- Non-profits that want to provide a program to town residents
- Individuals or parents who wish to provide a program through the town

Only programs outside of the town's budget responsibility will be considered. It is not the intention of the MEF to provide funding for programs that are the responsibility of the town of Montville or Montville Board of Education. For profits are ineligible for direct grant funding.

### TYPES OF PROGRAMS FUNDED

The MEF has established criteria for the types of programs that will be funded. In general, programs that have broad impact and reach the greatest number of individuals as well as affect the greatest number of groups in the community (educators, children, parents, and seniors) are of great interest to the MEF Board. Grant submittals will be evaluated based on whether they enrich or enhance programs that are in place or bring new educational opportunities to the town's residents.

The MEF in its sole discretion may accept or reject any project and is under no obligation to fund a project that it determines does not fit with its philosophy or guidelines. A sample acceptance form letter is included in Exhibit B for your review.

### FUNDING LEVELS

Three levels of grants may be awarded:

- Mini-grants of \$500 or less;
- Foundation grants of up to \$5,000; and
- Technology grants up to \$10,000 (future grant cycles).

### PROGRAM CRITERIA

The Grant Committee adopted, and the Board of Directors approved, the following grant criteria to use when reviewing and selecting programs for grant funds:

- **LEVEL OF LEARNING:** Does the proposed grant application enrich learning beyond the programs in existence today and is it appropriate for the audience identified in the application?
- **IMPACT:** How broad is the impact of the program? How many individuals will benefit from the delivery of this opportunity? Are there long term benefits to the community—can the program content be duplicated or can others be trained to deliver the program content?

## Grant Application

- **INNOVATION:** Is the program delivered in new and engaging ways? Does the program create a new pathway for learning? Is the proposed content or delivery creative and exciting?
- **NEED:** Has the applicant clearly communicated a need for this content in the community? Does the proposal identify how the need will be addressed and the benefits from addressing this need?
- **DOCUMENTED PLAN:** Is the instructional plan clearly outlined; are the goals and objectives consistent with the plan; is the plan achievable during the timeline identified by the applicant; and has a plan been included as part of the application?
- **PROJECT ASSESSMENT:** Will the applicant assess and evaluate the learners performance at the end of the program and does the applicant have the ability to tie the learning to the project objectives?
- **COLLABORATION:** Will the program be delivered by the applicant only or has the applicant identified ways to use resources of other entities and corporations? Is there collaboration among all schools within the town's borders? Does the program address the multi-faceted demographic of the town?
- **BUDGET:** Has the budget been fully documented and is it reasonable considering the program objectives and project plan?

Applications should be prepared simply and economically providing a straightforward, concise description of the applicant's grant proposal. Emphasis should be on the completeness and clarity of the proposed program and how it meets the MEF objectives. Any costs incurred by the applicant shall be at the sole risk and responsibility of the applicant.

All applications shall be reviewed and scored. The Grant Committee may reject any application that does not fit the mission of the MEF. Applications that fit the mission of MEF require a minimum score of eight (8) for further consideration. The total requests achieving an acceptable score will be prioritized against the available funds. Only after preliminary decisions are made on the finalists will the sealed cover sheets be opened and compared to the requests. This process is to ensure a fair distribution of awards throughout the community. The rubric used for scoring grants is included in Exhibit A.
